EDUCATION

B.Tech in Artificial Intelligence & Machine Learning — CGPA: 9.13/10 <i>Rajiv Gandhi University of Knowledge and Technologies, Ongole</i>	2025 – 2029
Pre-University Course(MPC) — CGPA: 9.73/10 <i>Rajiv Gandhi University of Knowledge and Technologies, Ongole</i>	2023 – 2025
Secondary School Education — Percentage : 97.6% <i>Vignan High School, Kaikaluru</i>	2022 – 2023

TECHNICAL SKILLS

Programming Languages: Python, C, Java, JavaScript, HTML, CSS
Data Science: NumPy, Pandas, Matplotlib, Data Cleaning, Data Preprocessing
Database: MySQL
Backend & APIs: Flask, REST APIs, Web Scraping, BeautifulSoup
Cloud & Tools: AWS, Render, Git, GitHub

PROJECTS

- AI-Driven Public Health Chatbot for Disease Awareness** | *Dialogflow, Flask, Twilio, BeautifulSoup*
- Developed a team-based multilingual AI chatbot providing disease information, symptom awareness, prevention guidance, treatment information, and vaccination schedules for rural and semi-urban communities.
 - Integrated Dialogflow with a Flask backend and WHO-sourced data collected using BeautifulSoup, with MyMemory API for multilingual support and Twilio for WhatsApp/SMS access.
 - Deployed on Render and demonstrated the solution as a team of 6 for Smart India Hackathon, achieving 16th rank in the internal hackathon.
- Alora – Smart Debugging Assistant** | *AI Product Prototype*
- Designed and prototyped a smart debugging assistant that identifies programming errors, explains them in simple language, and provides corrected code for beginners.
- Course Enrollment Tracker** | *C, File Handling, Structures*
- Developed a menu-driven course management system implementing CRUD and Search operations with persistent file-based storage.
 - Applied structures, arrays, modular functions, string operations, and file I/O to manage course records.

LEADERSHIP & EXPERIENCE

- Community Outreach & Engagement Associate** 2026 – Present
AWS Student Builder Group – RGUKT Ongole
- Contributed to community outreach and engagement initiatives by promoting AWS learning opportunities, coordinating student communications, and encouraging participation in technical activities.
 - Collaborated with the AWS student team to organize technical sessions, coordinate event logistics, manage registrations, and support communication with participants and speakers.
 - Contributed to conducting a technical session featuring an AWS Golden Jacket speaker and supported the organization of the AWS Nimbus Buildathon.
 - Created and shared event announcements and coordinated with team members to improve student participation and engagement in AWS activities.

CERTIFICATIONS & ACHIEVEMENTS

Reliance Foundation Scholar
Introduction to Machine Learning – Kaggle
Data Science Essentials with Python – Cisco
